JUST A MAN

Hmmm, here's another Memphis man; what is this, Memphis month? No matter, there must be something in the water over there. It's just too big a coincidence for all this good music coming from Bluff City. Hell, it ain't no bluff. But there is a thread that runs through all this, though I can't quite put my finger on it. Nancy Apple wrote the cover letter that came with this record and I have to hand it to her: she's right; this album is worthy of some good press, so here. Book him through Jason Cope at Hayestock Entertainment, 901-292-8049.
